

Mystical Mind Training Program

Mystical Mind Training

Mystical Mind Training (MMT) is an online, advanced mind-training program for those desiring an experiential way of healing the mind and undoing the ego completely. Spiritual texts, videos, music, audio files, and writings are woven together in a curriculum designed to heighten metaphysical understanding, and transfer the training to everything that has been believed—without exception. The program also provides dedicated relationships for support and inspiration, as well as opportunities to extend.

Ministerial Program

The MMT program also serves as a Ministerial Program for those who have a calling to be a minister with our ministry. The Ministerial Program involves an additional enrollment process and prerequisites (see [Ministerial Program Information](#)). The Ministerial Program provides an extensive support network, and a structured approach to completing the material in the program. After completion of the two-year program, a ministerial trainee may be commissioned.

A commissioned minister, having completed the two-year Ministerial Program, may enroll in and complete the Counseling Module, which involves practicums, in order to become licensed.

A licensed minister may apply to enroll in additional ministerial training in order to become ordained. The ordination process will involve additional courses and training. These additional courses and practicums are yet to be developed. Ordained ministers are appointed by the Senior Pastor of the church.

Details of the Program

Who it is For

MMT is for students, teachers of God, and miracle-workers, who have advanced in the curriculum of forgiveness, yet need additional structure, organization, guidance, collaboration, and practice to experience a consistently peaceful state of mind.

Topics Included in the Program

Topics in the program include guidance, holy relationship, metaphysics, empathy, no private thoughts, trust and inspiration, the power of thought, special relationships, prayer, psycho-therapy and teaching, discernment, mind-watching, enlightenment, forgiveness, and divine providence.

Counseling Module

The Counseling Module is additional to the two-year MMT Program. The purpose of this six-month module is to deepen in relationship and connection with the Holy Spirit; to deepen in awareness of how to be truly helpful, and to step more fully into function as a teacher of God and spiritual counselor. Practicums involve mentoring, facilitating sessions with individuals and groups, and serving on the Prayer and Support line through the Living Miracles Counseling Network.

Prerequisites

- ✧ A consistent daily study practice, over a period of 12 months with a non-dualistic spiritual text that is in alignment with Living Miracles teachings
- ✧ Involvement with the Living Miracles ministry and study materials

Assignments and Teachers

Assignments are woven throughout the program for the purpose of inner inquiry and to develop a clear understanding of the teachings. This involves taking the ideas inward to question limiting beliefs, and applying the ideas to one's own thoughts and life situations. Some assignments involve only prayer and contemplation; others involve discussion with your mind training partner. Most assignments involve using an online function to compose a written response, which is then sent to a teacher for review.

Mind-Training Partners and Mentors

- ✧ A mind training partner is a companion with whom you communicate as you go through the program. Your partner will support your continued progress and completion of each course.
- ✧ Mentors are support people who are available for you to connect with occasionally as you go through the program.

Access and Pace of Studies

1. MMT is a two-year program, but your access will allow four years in which to complete the program.
2. Completion of the program within two years involves 10–15 hours of participation per week.
3. You may choose to opt into the Ministerial Program after enrolling in MMT. Opting into the Ministerial Program involves an additional enrollment process and cost.
4. Following completion of the MMT program or the Ministerial Program you may choose to enroll in the Counseling Module, which involves an additional enrollment and cost. This is a further six-month study module involving practicums.

5. You can request continued access to the program for specific teaching purposes if:
 - a) You have completed the two-year program within the four-year time-frame
 - b) You have submitted the online assignments
 - c) Through the assignments you have indicated a clear understanding of the teachings, and an ability to take the ideas inward to transfer the training to your own mind and life situations
 - d) You are an active member of our Living Miracles ministry

Getting Started

1. Go to the home page www.mysticalmindtraining.org and log in as a guest. (No password is required; simply click the Login button.)
2. Go through the Guest Area section, which includes the [Introduction Experience](#), the Mystical Path, and the [MMT Welcome Film](#) (use Mozilla Firefox and see [Technical Requirements](#) if you have any problems).
3. Scan through the [Technical Requirements](#) section.
4. Go through the [Ministerial Program](#) section and pray about whether your calling involves using the program for this purpose. You may choose to opt into the Ministerial Program after enrolling in MMT. Opting into the Ministerial Program involves an additional enrollment process and cost.
5. When you are ready to enroll in the MMT program or the Ministerial Program, complete the appropriate enrollment form in the [Enrollment and Payment](#) area.

Payment

On the MMT homepage, there is a [Payment section](#) with the current costs and payment options for the Mystical Mind Training Program and the Ministerial Program, and the Counseling Module. Payment plans are available for both the MMT Program and the Ministerial Program. There is also a couples rate available for the MMT Program.

Additional Information

If you have any other questions or require additional information please feel free to contact us at: info@mysticalmindtraining.org

Gratitude from Participants

I am overwhelmed with such immense gratitude for you David, the messengers, and the volunteers and everyone involved in everything you do. Thank you for demonstrating to me that this is possible. I have tears and tears and tears streaming down my cheeks.

I love MMT soooooo much. I am on it every day. It is always a perfect reflection of where I am in each moment and such a practical tool to help and encourage me to just keep trusting and taking the next step.

I am just so grateful for all the materials and resources that are available, and all the gentle loving support that is always right here at my fingertips. Thank you a thousand times and a thousand more.

I just felt called to tell you how much I love you and how grateful I am. The Mystical Mind Training Program is just so beautiful and keeps getting better. Every day it becomes more clear—watching the mind, trusting the spirit, and feeling the joy. Miracle after miracle occurs daily, more than daily—constantly. More and more our hearts open, more and more the truth is revealed.

The MMT program is so powerful and perfectly constructed. The Holy Spirit and the love of Jesus pours through. Please share with Jason and Kirsten and friends what a superb job they have done. My mentor has been so helpful and beautiful. I thank God, I thank Jesus, I thank the Holy Spirit, and I thank you, David, for the awesome gifts you are bestowing.

This past week of using MMT has felt like such a deepening. It has a fairy-tale quality of increasing trust and joy. I am feeling so "held" by the program and all the "others" (the Mighty Peeps as David once put it!). I never expected to be experiencing this wonderful level of invisible support—I had expected that the support would be more in terms of physical contact. So this "something" that is seemingly "in the air" is such an unexpected surprise gift. The gratitude in my heart continues to expand.

Thank you all!
