

Removing Yourself as a Member/Minister

Since you are a valued member of our community, please be in communication with us before doing this. If you are sure that you no longer have a calling to be a minister with our church, you will need to send an email to admin@livingchurchministries.org so that we can remove your information from the website(s). We are not able to refund fees.

Thank you and God bless you. We are honored to serve God with you.
